EXECUTIVE DIRECTOR'S REPORT

LaSharn Hughes, Executive Director, presented the following report to the Board:

1. Dr. Weil was honored by *Atlanta Magazine* as a “top doc” in pediatrics for the fourth consecutive year.
2. GCMB Senior Agent Lemuel Roberts has announced his retirement effective September 30, 2011.
3. The Governor’s Office of Planning and Budget has requested all executive branch agencies to submit plans by September 1, 2011 for a budget reduction of 2.0 percent in both Amended Fiscal Year 2012 and Fiscal Year 2013.
4. The Board is making progress toward finalizing and releasing a document soliciting proposals for a Professional Health Plan.
5. The Georgia Pharmacy Board is developing rules regarding pseudoepinephrine and pharmacy tech rules. The PMP Rules have been delayed until these rules have been adopted.
6. Board members have expressed an interest in exploring the issues surrounding the use of the title “Doctor” by registered nurses with a Ph.D. degree or a doctor of nursing degree, and whether or not such use of the title could inadvertently confuse patients into believing the individual is a physician.
7. The GCMB Board room’s renovation and expansion is tentatively expected to be undertaken by September 1, 2011.
8. Department of Community Health Commissioner David Cook has indicated that DCH is willing to discuss the issue of allowing physicians sanctioned by the Board to participate as Medicaid providers. DCH has historically disallowed such physicians from Medicaid participation.
9. The Federation of State Medical Boards has published its 2011 Annual Report, and copies have been distributed to the GCMB members.
10. The Board was advised of the status of the items that are in the Rules Committee.
11. The dates of the 2012 Board meetings have been set.
12. The Board may be able to hold a Board retreat to work on various issues and concerns before the 2012 legislative session, at a time and place to be determined. Possible topics include publicizing the Board’s mission and service, collaborating with

the Georgia Cancer Coalition, social media website issues concerning physicians, media and legislative relations, the use of min-residency programs to address training needs, orienting and training physicians who will perform peer reviews for the Board, self-prescribing, office-based surgery guidelines, the physician profile issues created by the enactment of House Bill 147, the FSMB's maintenance of licensure issues, and orientation for new Board members.

The Board reviewed the following information presented by the Executive Director, and took the following actions:

13. Request by Brad Christy of Team Medical Supply, LLC for declaratory statement regarding licensure requirements for persons performing the initial fitting and measuring of patients' feet for the purposes of delivering and placing of diabetic shoes and custom inserts. The Board referred the matter to the Orthotist and Prosthetist Advisory Committee for a response.

14. Request by David H. Dzuira of Augustine, Kern and Levens, Ltd to clarify whether it is a violation of the Medical Practice Act or the Rules of the GCMB for a medical corporation owned by a licensed physician to hold an ownership interest in another medical corporation. Janet Wray of the Office of the Attorney General advised the Board that it has never disciplined a licensee for the corporate practice of medicine, and that the state law prohibiting it was never codified. Donald Palmisano, executive director of the Medical Association of Georgia, stated that MAG has a model practice contract that he would send to Ms. Wray, and that the corporate practice of medicine in Georgia is a gray area.

15. Bylaws of the Federation of State Medical Boards. The Board accepted the document as information.

16. An email message sent to Georgia physicians soliciting them to participate in a home sleep program for patients. On the advice of Ms. Wray of the AG's office, the Board requested that the legal staff send a letter informing that to provide a medical test or service solely for the purpose of generating revenue may constitute unprofessional conduct on the part of the licensee, and that Georgia's patient self-referral statute (43-1B) is more restrictive than federal law.

17. An email from the Medical Association of Georgia (MAG) Foundation regarding its initiative to address prescription drug abuse in Georgia, in partnership with the Georgia Bureau of Investigation, the Centers for Disease Control, and the Georgia Drug Free Coalition. The Board asked Dr. Antalis, who is also on the MAG Foundation's Board of Trustees, to ask that the Medical Board be invited to participate in the initiative.

18. A letter from the Right Reverend Gregory K. Davis regarding the Patient Qualification Review Board. Ms. Hughes reported that the Board is still recruiting

candidates to constitute the PQRB, and that so far, some pharmacists and one ophthalmologist have expressed interest in serving.

19. A document to analyze proposed legislation. Mr. Palmisano of MAG informed the Board that he has no knowledge of any issues other than legislative redistricting that will be considered during the upcoming special legislative session.

20. A draft of proposed legislation to require that medical examiners and coroners notify the Board of any report of a death that may have resulted from the administration of medication or performance of a procedure by a licensee.

21. A request from Angela Ogden, PA, to amend the minutes of the January 2011 Board meeting to remove the reference to her appearance before the Board to request reconsideration of its decision to deny her license application. The Board asked the staff to inform Ms. Ogden that because her January appearance before the Board was in open session, it would not remove the reference.

22. A request from Kenneth J. Lazarus, MD asking if the discharge by a pain management physician of a patient who is using marijuana with the approval of a board-certified addictionologist would constitute unprofessional conduct on the part of the pain management physician. The Board asked the Ms. Hughes to inform Dr. Lazarus that such a discharge would not constitute unprofessional conduct, so long as the discharge did not rise to the level of patient abandonment.

The Board accepted the following as information:

23. Draft proposed legislation to regulate radiology assistants under the Medical Practice Act, from State Senator Tommie Williams, President Pro Tempore of the Georgia State Senate.

24. An article reporting a lawsuit by a cosmetic surgeon in California to stop critics from posting negative accounts on social media websites about treatment she provided them.

25. A sample monitoring contract from Affiliated Monitors from the Tennessee Board of Medical Examiners.

26. A report on the practice of telemedicine submitted to the California Senate by the California Medical Board.

27. Information from the National Center for Competency Testing on the certification of medical assistants.

28. A notice of intent to adopt Rule 410-12-.06, "Rules for Clinical Nurse Specialist," to the Georgia Board of Nursing.

MINUTES

August 4-5, 2011

29. Information from the Georgia Cancer Coalition about its goals for the next decade.

30. A presentation about seminars and programs offered by the Center for Personalized Education for Physicians to be held in Denver, Colorado from August 22 to August 23, 2011.

31. Information from the American Society of Addiction Medicine regarding the role of the physician in “medical” marijuana.

CLOSED SESSION

Dr. Weil made a motion, seconded by Dr. Summers, to go into Closed Session to conduct investigative interviews. The motion carried. Dr. White then declared that the meeting would be in open session upon completion of the investigative interviews.

RECONVENED

Dr. White called the meeting to order at 3:42 p.m.

PHYSICIAN LICENSING AND PROFILES ADVISORY COMMITTEE

Dr. House presented the report of the Physician Licensing and Profiles Advisory Committee. Dr. Summers seconded the Committee’s motion, and it carried unanimously.

The Board took the following actions:

1. Accepted a certified copy of H.T.’s medical school transcript.
2. Allowed C.W. to withdraw an application for physician license and to complete residency training.
3. Invited G.U. for an interview with the Committee.
4. Denied Dr. Waheed Akthar’s application for physician license, based on the Maryland Board of Physicians’ licensure denial.
5. Denied Dr. Alan Kaiser’s application for physician license, based on information received from an evaluation.
6. Approved J.E.’s request to accept a copy of a medical school transcript sent to the Board by the Alabama State Board of Medical Examiners.
7. Upheld a previous decision to require W.S. to demonstrate current clinical competency by taking a clinical skills examination as a condition of license reinstatement.

GEORGIA COMPOSITE MEDICAL BOARD

MINUTES

August 4-5, 2011

8. Denied M.P.'s request to be allowed to renew after the license lapsed due to non-renewal.
9. Waived the requirement to submit documentation of continuing medical education if M.P. applies for licensure reinstatement, because the records were lost in a tornado.
10. Accepted a notarized copy of P.B.'s Iranian medical school transcript because his requests to the school for transcripts have been unacknowledged.
11. Accepted a certified copy of A.D.'s Dutch medical school transcript from the California, Texas, or Ohio Medical Board because the school no longer has the transcript on file.
12. Granted Dr. Jeroen Balledux's request to waive Rule 360-2-.01(5) (requirement to pass USMLE Step III within seven years of passing USMLE Step I).
13. Granted Dr. Steven Nickelburg's request for variance of Rule 360-2-.02(2)(b), and accept the licensing examination combination of USMLE Step I, NBME Part II, and USMLE Step III to satisfy the requirement to pass a Board-approved licensing examination.
14. Denied Dr. Lucita Pimentel's request for waiver of Rule 360-2-02(2)(b) requiring a passing score on one of the licensing examinations specified in the rule; Dr. Pimentel did not show a substantial hardship.
15. Approved the following applicants for licensure by reinstatement:

EXECUTIVE SESSION

Dr. Perry made a motion, seconded Dr. Butler, to go into closed session to discuss personnel, investigative, and disciplinary matters. The motion carried unanimously. Dr. White then declared the meeting in open session.

Request for Clarification from ALJ in GCMB v. Nathaniel Johnson, III, M.D., OSAH-CSBME-PHY-1119940-33-Walker

On August 4, 2011, the Board received a written Order from the Administrative Law Judge (ALJ) seeking clarification. On August 5, 2011, the Board considered the ALJ's request. Present for argument on behalf of the Petitioner was Wylencia Hood Monroe, Senior Assistant Attorney General, and on behalf of the Respondent was Saam Ghiaasiaan, Esq. After argument and deliberations, the Board issued and docketed a written decision on August 5, 2011.

Dr. Perry made a motion, seconded by Dr. Weil, to offer Dr. Jean R Sumner the position of Medical Director effective October 1, 2011, contingent upon Dr. Sumner's resignation from the Board's membership. The motion carried unanimously. Dr. Sumner thanked the Board for its offer, and accepted it.
