CALL TO ORDER
Dr. Dalton called the meeting of the Georgia Composite Medical Board to order at 7:30 AM, and a quorum was established.

AGENDA
Dr. Norman made a motion, seconded by Dr. Marshall to approve the agenda of the April 7, 2022, meeting. The motion carried unanimously.

MINUTES
Dr. Marshall made a motion, seconded by Dr. Flint to approve the minutes of the March 3, 2022, meeting. The motion carried unanimously.
CHAIR’S REPORT
Dr. Dalton took a head count for the May 5, 2022, meeting (which will be held via TEAMS).

EXECUTIVE DIRECTOR’S REPORT
Mr. Dorsey shared updates from the Interstate Medical Licensure Compact:
- Delaware and Texas went live on March 1
- Indiana passed the bill on March 10
- 37 states/territories now

Mr. Dorsey shared that the Federation of State Medical Boards’ Annual Meeting will be held later this month in New Orleans. Dr. Alex Gross will be the Board’s voting delegate.

Mr. Dorsey also shared updates about DCH email access and the planned move to multi-factor authentication on those accounts.

Mr. Dorsey also shared legislative/budgets updates since session concluded:
- AFY22 Budget
  - $5,000 COLA for all full-time, benefit eligible state employees
- FY23 Budget
  - $5,000 COLA for all full-time, benefit eligible state employees
  - State employees to withdraw up to 40 hours of earned annual leave annually from their accrued leave balance
  - Change in the ERS employer contribution rate to provide for a COLA for retirees, increase the employer 401(k) match, and fund the employer share of accrued forfeited leave for retiring employees
- HB 1013
  - Mental health bill
  - GCMB to collect information from certain mental health licensees via the renewal process
- We are still analyzing legislation, as Sine Die was on Monday, April 4/4.

Mr. Dorsey also presented a request for GCMB position/advisory opinion from the law firm Arnall Golden Gregory LLP:
- QUESTION – Would the following constitute impermissible fee-splitting under O.C.G.A. 43-34-8(a)(9): payment of commission-based compensation by a cash-pay only Medical Spa to physician assistants, nurse practitioners, and estheticians based on the number of professional services performed by such practitioners (where such professional services: i) are regulated under O.C.G.A. Title 43, Chapter 34, or ii) require physician supervision)?
- ANSWER – The Board voted to refer to the existing statute concerning the dividing of fees received for professional services, which is O.C.G.A. 43-34-8(a)(9).

PRESENTATION
Merilee Gober delivered a presentation on lactation consultants.

NURSE PROTOCOL ADVISORY COMMITTEE REPORT
Dr. Norman presented the APRN Committee Report as a motion. Dr. Gangasani seconded, and the motion carried unanimously. The Board took the following actions:

The Committee recommended the following:

1. QUESTION: In follow up, can you help me understand the requirements for operating under a nurse protocol under 43-24-23? For instance, could a CRNA enter into a nurse protocol and use the DEA number of the physician? If so, what are the requirements for supervision? Does the physician have to be on site or are the review requirements the same as under 43-34-25?
   ANSWER: CRNA’s cannot enter into a protocol agreement and cannot use a physician’s DEA number. Refer to the DEA’s website.

2. QUESTION: The request is not to declare a death, rather pronounce a death. Currently, our APRN’s are pronouncing deaths as per their nursing protocols and it does fall within their scope of practice. The neonatal NP’s are also APRN’s. The Georgia rules also indicate they may pronounce if it is on the nursing protocol. Are we missing something or reading the rules differently/incorrectly?
   ANSWER: (e.1) Except for death certificates and assigning a percentage of a disability rating, an advanced practice registered nurse may be delegated the authority to sign, certify, and endorse all documents relating to health care provided to a patient within his or her scope of authorized practice, including, but not limited to, documents relating to physical examination forms of all state agencies and verification and evaluation forms of the Department of Human Services, the State Board of Education, local boards of education, the Department of Community Health, and the Department of Corrections. An advanced practice registered nurse shall be allowed to make a pronouncement of death pursuant to authority delegated by the supervising physician of the advanced practice registered nurse and to certify such pronouncement in the same manner as a physician.

3. QUESTION: I am looking for your advice and guidance as it pertains to our Advanced Practice Nurses (APRN) Practice Agreements. In the last several months we have seen a shift in the GMCB’s credentialing process. Historically, an APRN whether an ACNP or Non-ACNP would be considered for an inpatient or outpatient position based on prior experience with minimal denials. We have seen a change in the board’s evaluation of these clinicians away from the Family Nurse Practitioner being able to practice in the hospital. I understand the premise for new graduates not being trained in acute care environments but curious if you or one of your designees could help me better understand what the litmus test in now and how we can work with the board to ensure competency and compliance while avoiding hiring practices that may not be supported with these changes. We continue to hire, train, and retain the brightest Advanced Practice Providers in our health system but need to partner with you to ensure we can continue to hire the best person for the position without reservation.
   ANSWER: A member from the APRN Committee, Bonnie Proulx, will provide a statement.
Motion Dr. Norman seconded by Dr. Bhat and motion carried to approve and deny the Form Cs as noted. Motion Dr. Norman seconded by Rhonda Ligon and motion carried to approve and deny the protocols as noted.

The following Form C’s were approved:
❖ Corbitt, Mary
❖ Inan, Kathryn Garren
❖ Kempson, Elizabeth
❖ Martini, Tracy
❖ Nelson, Doungphon
❖ Petty, Alison

The following Form C’s were not approved:
❖ JO
❖ CP
❖ RS
❖ JW

The Committee reviewed and approved the following protocols under the provision of O.C.C.A. 43-34-25.
