NURSE PROTOCOL ADVISORY COMMITTEE

Dr. Gross presented the Nurse Protocol Report:

The Committee recommended the following:

1. I had a question regarding placing IUDs neither of the MDs in my practice place IUDs. **If the delegating physician isn't placing IUDs, then the APRN cannot place IUDs either.**
2. The scenario is an FNP works in one of our locations under the direction of a Psychiatrist. In the past we understood that a FP Physician could not supervise a Psychiatric Certified APRN because their specialty needed to be consistent however this

**Georgia Composite Medical Board
Minutes of the December 5, 2019 Meeting**

is a case where a Family Nurse Practitioner is supervised by and Psychiatrist – this FNP has been trained in all areas of family medicine included mental health/behavioral health in their training. **The requirements for a FNP to work under a delegating physician that practices psychiatry is that one must have at least one year of clinical experience, a semester of coursework in psychiatry or one’s certification must corresponds to the delegating physician.**

3. Is an APRN allowed to keep prescribing even though it’s been over 30 days since the application was submitted to the Board? The APRN was initially denied due to not providing sufficient evidence of experience in psychiatry but is now resubmitting with a resume as proof. **If the application is going through the process to be approved, then it is alright for an APRN to keep prescribing.**
4. The APRN Committee asked the Board of Nursing if a psychiatric nurse practitioner could be trained on the job to assess and prescribe for basic primary care needs like hypertension and diabetes. The Board of Nursing responded that it would be within the Committee’s discretion to determine what medical acts could be delegated to an advanced practice registered nurse through a nurse protocol agreement.

235,291	Specialty Spine and Pain, PC ADD APRN Svetlana Kozlova
236	Alliance Spine and Pain Centers ADD Practicing Physician, Omar Hajmurad ADD Practicing Physician, Efosa Ogamien

Other Business:

1. Proposed paragraph or questions for Pain Clinic license

- The Committee approved the following questions to be added to the pain clinic application.

A. Has the pain management clinic practiced with an expired or lapsed license since its last renewal or initial license? ___YES ___NO

B. Has the pain management clinic practiced without a license in the past 12 months? ___YES ___NO

If you answer yes to any of these two questions, please give a detailed statement as to why this occurred. False statements will lead to a formal investigation which could cause your clinic's license to be delayed and up to not being approved

2. Questions

- Committee reviewed a question regarding whether a physician in Georgia would be required to have a pain clinic license if he/she advertise services which have the effect of lessening pain with non-opiate prescriptive medication. The Committee recommended board staff to refer potential applicant to rules and guidelines for Pain Clinics.
- Committee reviewed a question regarding whether treating patients with Opioid addiction using MAT (Medication Assisted Treatment); with the prescription of Buprenorphine (a schedule III drug) would require a pain management license. The Committee
