- **QUESTIONS AND/OR ACTION ITEMS**
  - **Spears Moore Rebman Williams, PC**: I am following up on an issue that I have not been able to find an answer on, unfortunately. Georgia Law and the Medical Board require that there be a physical examination of a patient before a physician writes a prescription for a narcotic medication. My client would like some clarification on whether that physical examination has to be performed by the physician or whether the NP/PA can perform a physical examination and report the findings to the physician, who could then determine whether it was appropriate to write a prescription. For instance, if a NP/PA performs a physical exam, and reports those findings to the physician and the physician determines that an RX narcotic is appropriate, can he/she send an electronic prescription? **The physician can only write schedule two prescriptions and the patient would need to be examined by the physician for that type of prescription. For schedule three through five controlled substances, these medications could be written by a physician assistant, nurse practitioner, or a physician.**
  - **GCMB**: Fee Schedule: Dr. Marshall motioned, seconded by Dr. Antalis, to approve the fee schedule.

**CLOSED SESSION**

Dr. Gross motioned, seconded by Dr. Marshall, to go into closed session to discuss confidential matters. The motion carried unanimously.

**OPEN SESSION**

Dr. Norman declared open session.

**PHYSICIAN LICENSURE COMMITTEE REPORT**

Dr. Gross presented the Licensure Committee Report as a motion. Dr. Marshall seconded. The motion carried unanimously. The Board took the following actions:

**Approve Petition(s) to waive Rule 360-2-.02(6):**

Biswas, Atanu  
Golconda, Umamaheshwari  
Singh, Kanwal Jeet

**Table Petition:**

AM - more information and interview regarding qualifications for licensure.

**Question/Request:**

PBW – approve request to sit for USMLE Step 3 attempt.

SC – approve waiver of eligibility to permit registration for USMLE Step 3.

AK – deny request to support retake of USMLE Step based on the Pass/Fail system in that the request would be to increase the USMLE Step 1 score which would not be pertinent under the current GA USMLE Rules.

**Residency Training Permits**

DS – 1. Renew permit to complete current program – Mar 30 to Jun 30, 2023. 2. Letter of concern to program regarding ensuring timely renewal of permits; 3. Obtain from GME or Program Director a request in writing to issue retroactive permit by July 1, 2022, secondary to their failure to request or to submit the application for the renewal of the permit.

**Table for:**

EC – explanation for “Yes” responses to application questions regarding malpractice and investigations.

**NURSE PROTOCOL ADVISORY COMMITTEE REPORT**

Dr. Norman presented the APRN Committee Report. Dr. Gross motioned, seconded by Dr. Bhat, and the motion carried unanimously. The Board took the following actions:

**Questions**

1. I am an Acute Care Nurse Practitioner at Augusta University, and I am serving in the role of Secretary to our Advanced Practice Provider Council that represents nearly 300 APPs across our institution. We have an ambulatory NP that has a very specific question regarding the prescriptive authority of off-label medications and is requesting guidance. Additionally, we have had multiple issues recently with Family and Primary Care Nurse Practitioner protocols be denied for inpatient positions and would like formal clarification from the Board regarding establishing a more specific guideline other than: "Be between an advanced practice registered nurse who is in a comparable specialty area or field as that of the delegating physician" (O.C.G.A SS 43-44-25, c,1). This has had a significant impact on our talent acquisition and onboarding of new nurse practitioners. **Please refer to the Board of Nursing website.**

**Georgia Composite Medical Board  
Minutes of the March 30, 2023, Meeting**

2. I am an NP in Georgia and I needed clarification on practice guidelines related to aesthetic medicine. I will be opening a medi spa offering cosmetic injections, IV hydration, and aesthetic facials. I will be in collaboration with a plastic surgeon in Georgia. I have been certified in injections, IV therapy, and trained on aesthetic facial devices. Are there any additional certifications needed to operate in compliance with the state? **If the APRN is going to be doing botox, fillers etc. they would need to comply with Form C requirements. Please refer to the rules and FAQs on the website.**
3. My APPs are charged with staffing “Acute Phase” trauma patients, which covers new admits and inpatient observation patients. This responsibility is new because of AMC closing. The role is a mix between acute phase resuscitation/management with some acute care inpatient components. I would like to hire an Emergency Nurse Practitioner with FNP certification for this role. It’s technically the same patient population some inpatient management components. Their agreement would be with a Trauma Surgeon double boarded in surgery and critical care. Would the GCMB agree to this supervision agreement? I would like to know before I hire two ENP/FNP candidates. **With ENP certification, it would be a likelihood that it would be a comparable specialty to someone working in an emergency department.**
4. I am a NP in the state of Georgia and will be starting a business doing IV infusion and injectables. Will you please clarify for me the exact forms that I need to fill out and have completed by my collaborating physician to submit to the MCB? Also, the location of my business is out of my home, do I need a PO Box or is this sufficient? **Please refer to the APRN Protocol Registration Forms on the website.**

**The following Form C’s were approved:**

- ❖ Johnathan Kent
- ❖ Joshua Curtis
- ❖ Erin Jones
- ❖ Amanda Hobbs
