Waivers

The following waivers were reviewed and approved:

Questions/Requests

The following requests were considered:

- Barbara Rogers – The Georgia Medical Board is not in the business of regulating business practices and recommends referral to codes for APRN and for PA for clarification with a reminder that there may be professional judgment and ethical concerns. The Physician needs to be in control and exercising independent judgment and not be impacted by relationships.
- Dr Chris Krubert – complete REI application process.
- Dr George Evans – all fees are nonrefundable.
- Philomena Akoh – sponsor to retake USMLE if less than 3 attempts; otherwise, more than 3 attempts, retake one year of residency.

Approve Staff Request

Electronic signatures – on Forms D, D2, and E.

Interview:

AF

The following applications were denied for licensure:

RM – Institutional License based on USMLE failure, no residency.

SS – based on need for additional training reflected by PGY1 training being 2018-2019 and program director's letter that PGY2 was not supported.

Uphold Previous Decision

ADC – of January 6, 2022, for him to take a licensing examination.

The following applications were approved for licensure:

Ather, Danish
Mathews, Cecil
Madanas, Victor
Coleman, James
Bozzone, Suzannah
Carter, Clinton
Nilton, Medina
Cattlelane, Jerry
Myers, Lacy Pittman,

NURSE PROTOCOL ADVISORY COMMITTEE REPORT

Dr. Norman presented the APRN Committee Report as a motion. Dr. Gangasani seconded, and the motion carried unanimously. The Board took the following actions:

The Committee recommended the following:

- I have two questions about the nurse practitioner procedures log. Can the procedures be supervised by the MD via a video call, or do they need to be in person? Can the procedures

also be performed on an anatomical model, or do they all need to be on a patient?

Procedures cannot be done virtually nor on an anatomical model.

- We spoke via phone this a.m. regarding a few questions related to expanding services at my workplace to include microdermabrasion, facials (salt facials and hydrafacials), and chemicals peels. I am a Nurse Practitioner and certified in aesthetics. I'm attempting to clarify if this is within my scope of practice to administer these services listed above. Also, if these services are within my scope of practice, am I able to delegate these services to other staff members on site? Staff members on site include an RN and 3 medical assistants. **There isn't an issue with the procedures listed, but an NP cannot delegate duties to RN's or medical assistants.**
- May a nurse practitioner, as the sole owner, own and run a medical spa? Facts: The NP is licensed to practice in Georgia and has entered into a nurse protocol agreement with a physician, who would not be employed by the medical spa but may serve as its medical director. Both the NP and physician will have the requisite training needed to provide the medical services and comply with the applicable rules and regulations. The physician and NP are married. **Yes. A physician cannot supervise their spouse.**
- May a physician and a registered nurse co-own, with equal ownership, a medical spa? Facts: A Georgia licensed physician and Georgia registered nurse each wish to own 50% of a medical spa. The physician will act as the medical director and oversee the clinical practice of the nurse co-owner of the medical spa. Both have the appropriate training and experience necessary to provide medical spa clinical services. **Exercise appropriate judgment according to the statute (43-34-25).**
- I was wondering if as an APRN in Georgia, am I allowed to own my own vitamin infusion business, or in Georgia, is it required to have a medical director? **Yes, the NP would need a Medical Director and a protocol agreement.**
