#### **FALSIFICATION/MISREPRESENTATION**

Please be aware that falsification or misrepresentation of any item or response on this application or any attachment hereto is sufficient basis for denying or revoking a license.

Please read all application materials and instructions carefully. It takes approximately six (6) to eight (8) weeks to obtain a license in Georgia. The application process is driven by the applicants submission of materials. Please visit the Frequently Asked Questions (FAQ's) on our website for additional information regarding the processing of your application. In order for an application to go before the Medical Board for approval, it must be received as "completed" **five (5) business days** before the next monthly board meeting date. Completion of an application is when all primary source documentation, administrative screenings and final quality assurance have been conducted.

Applications are reviewed in date order of receipt. Submit all required documentation as soon as possible; however, without the application and fee, staff cannot begin the initial review of your application. It is recommended that applicants wait 15 business days, or until receipt of a deficiency letter, to contact the staff by phone regarding the status of their application. It is imperative for applicants to understand that the review process is guided by the requirements set forth in State law, which does not provide for any waivers to be granted by staff. **Acupuncturist applications are valid for up to one-year only from date of receipt.**

EMPLOYMENT IN GEORGIA. It is strongly recommended that you DO NOT accept employment to practice in Georgia until your Georgia license number has been issued.

#### **INTERNET DISCLOSURE OF PRACTITIONER'S**

Georgia law requires the Georgia Composite Medical Board to provide, upon written or verbal request, an address for each licensed practitioner. Public-record information pertaining to licensed practitioner is available to the public through the Board's website [www.medicalboard.georgia.gov](http://www.medicalboard.georgia.gov)

The release of this information has highlighted the need for practitioners to carefully consider the address they provide to the Board as their address of record. THE PRACTICE LOCATION will be posted on the Internet and will be the address disclosed to all individuals making inquiries. The MAILING ADDRESS will be utilized to mail all licenses, renewal notices, and other official correspondence from the Board. Unless this address is the same as the PRACTICE LOCATION, it will not be disclosed to the public.

You may choose your home address or your office address to be your address of record. If you list a P.O. Box as your primary address, you must also provide a secondary street address that will remain confidential. Georgia law requires that the Board be kept informed of any changes of address. Changes should be submitted in writing to the above address, and should include the license number, name, old address and new address.
