BRIEF OVERVIEW

Please read all application materials and instructions carefully. It takes approximately eight to twelve weeks to obtain a Volunteer in Medicine (VIM) license in Georgia.

In order for an application to go before the Medical Board for approval, it must be received as completed five (5) business days before the next monthly board meeting date It is recommended that applicants wait until 15 days, or until receipt of a deficiency letter, to contact the staff by phone regarding the status. This time frame allows for outside source documents to be received and matched to the file. It is imperative for applicants to understand that the review process is guided by the requirements set forth in State law, which does not provide for any waivers to be granted by staff.
