GEORGIA COMPOSITE
MEDICAL BOARD

JUN 07 2018

DOCKET NUMBER:
2018 0050

PUBLIC CONSENT ORDER

By agreement of the Georgia Composite Medical Board ("Board") and MICHAEL NELSON BRADY, M.D. ("Respondent"), the following disposition of this matter is entered into pursuant to the provisions of O.C.G.A. § 50-13-13 (a) (4), as amended.

FINDINGS OF FACT

1.

Respondent is licensed by the Georgia Composite Medical Board ("Board") to practice medicine in the State of Georgia. Respondent was issued a license on October 11, 1990, and Respondent's license expires on June 30, 2019.

2.

In or about April 2016, Respondent was arrested and charged with violations of the Georgia Controlled Substances Act, specifically one count of Unlawful Delivery of Controlled Substance and two counts of Obtaining a Controlled Substance by Misrepresentation, based on the unlawful pickup and delivery of a controlled substance, which had been prescribed to someone else.

3.

On or about August 17, 2017, in the Superior Court of Houston County, State of Georgia, in *State of Georgia v. Michael Nelson Brady*, Criminal Action #2017C51899, Respondent pled

guilty to the charges as set forth in Paragraph 2 above, and was sentenced under the First Offender Act, O.C.G.A. §42-8-60, to 5 years probation on each count, to run concurrent, with terms and special conditions, and fined \$5,000.00.

4.

The Respondent provided documentation to the Board of having relinquished his DEA permit. Respondent also provided evidence to the Board of his voluntary completion a 3 day course regarding professional boundaries in May of 2016.

5.

Respondent admits to the above findings of facts and waives any further findings of fact with respect to the above-styled matter.

CONCLUSIONS OF LAW

Respondent's conduct constitutes sufficient grounds for the imposition of discipline upon his license to practice as a physician in the State of Georgia under O.C.G.A. Title 43, Chapters 1 and 34, as amended, and mandates a period of suspension of no less than 3 months under O.C.G.A. §16-13-111. Respondent hereby waives any further conclusions of law with respect to the above-styled matter.

ORDER

The Board, having considered all the facts and circumstances of this case, hereby orders, and Respondent hereby agrees, that the following sanctions shall be imposed upon Respondent's license to practice as a physician in the State of Georgia:

1.

Respondent's license to practice medicine in the State of Georgia shall be suspended for a period of six (6) months, commencing on the effective date of this Consent Order. During the

period of suspension, the Respondent shall not use the title, "M.D." or otherwise engage in the practice of medicine. Respondent agrees that he shall not seek reinstatement of his DEA permit while his license is suspended and until he has permission of the Board as set forth more fully below. If applicable, the Respondent is entitled to renew Respondent's license during the period of suspension. Failure to renew shall result in the revocation of Respondent's license by operation of law.

2.

No more than 30 days prior to the end of the 6 month suspension, Respondent may petition the Board in writing to have the suspension lifted, by attesting that he has complied with the terms of his criminal probation and has not violated any state and federal laws, the rules and regulations of the Board, or the terms of the Consent Order. Lifting of the suspension shall be in the discretion of the Board. Should the Board deny Respondent's petition, the Board shall inform the Respondent of the grounds thereof and Respondent may request an appearance before the Board as in a non-contested case. Should the Board lift the suspension of Respondent's license, the Board will notify the Respondent in writing and the Respondent's license shall be immediately placed on a period of probation subject to the following terms and conditions **and any other terms and conditions the Board deems appropriate at the time of the petition.** Respondent shall not return to the practice of medicine until he has received written notification from the Board that the suspension has been lifted.

(a) Prescribing Course. Within 90 days of the start of the period of probation, Respondent shall provide evidence to the Board of successful completion of the course entitled, "Appropriate Prescribing of Controlled Substances" sponsored by the Mercer University Southern School of Pharmacy in Atlanta. This course work shall not apply to the continuing

education requirements for license renewal.

(b) Restrictions on Prescribing of Controlled Substances. Respondent's license shall be restricted in that Respondent shall not possess a DEA permit. Until further order of the Board, Respondent hereby relinquishes his right to prescribe, administer, dispense, order or possess (except as prescribed, administered, or dispensed to Respondent by another person authorized by law to do so) controlled substances as defined by the Federal or Georgia Controlled Substances Act. Respondent agrees that he shall not seek reinstatement of his DEA permit unless he obtains the express, written permission of the Board. Respondent shall not be eligible to petition the Board for lifting of this restriction until **one (1) year** from the effective date of this Order. The lifting or modifying of this restriction is within the sole discretion of the Board. This restriction shall remain in effect until Respondent receives written notification from the Board that this restriction has been lifted or otherwise modified.

(c) Volunteer Medical Services and Quarterly Reports. Beginning on the date his license is placed on probation and over the course of 9 months, Respondent agrees to provide 250 hours of free medical services at the Volunteer Medical Clinic of Houston County, 125 Russell Parkway, Warner Robins, Georgia 31088. Respondent's medical services at this location shall be supervised by Virgle W. McEver, III, M.D. ("supervising physician"). Prior to providing any medical services, Respondent shall provide a docketed copy of the Consent Order then in effect to the supervising physician who shall, within 10 days, submit a letter to the Board acknowledging receipt of the entire Order and agreeing to serve as supervising physician.

Respondent shall submit or cause to be submitted quarterly reports from his supervising physician regarding Respondent's practice as a physician by March 31, June 30, September 30 and December 31 during the period of time that Respondent is providing volunteer medical

services. Failure to submit or have such reports submitted in a timely manner shall be considered a violation of this Consent Order. It is expected that said supervising physician shall immediately report to the Board any concerns regarding Respondent's practice of medicine. By executing this Consent Order, Respondent specifically consents to such supervising physician reporting upon Respondent's practice as a physician, notwithstanding any privileges provided by state or federal law. Respondent also agrees to provide to the Board any release or other documentation which may be necessary for the Board to obtain such information.

(d) Use of Physician Assistant or Nurse Practitioner. If Respondent employs a physician assistant and/or nurse practitioner in his practice, Respondent shall not utilize the physician assistant and/or nurse practitioner to perform tasks which are otherwise prohibited by the terms of this Consent Order, or otherwise utilize the services of the physician assistant and/or nurse practitioner in such a way as to circumvent any restriction, term or condition outlined herein. Respondent expressly agrees to disclose this Consent Order to any physician assistant or nurse practitioner that Respondent employs or associates with, and Respondent shall have that individual sign a statement to be submitted to the Board as evidence of having read and understood this Order. The signed statement shall be submitted to the Board by Respondent prior to Respondent associating with or employing the individual(s).

(e) Periods of Residency Outside of Georgia. In the event Respondent should leave Georgia to reside or practice outside of Georgia for periods longer than thirty (30) consecutive days, Respondent shall notify the Board in writing of the dates of departure and return within thirty (30) days of such departure and return. Periods of residency or practice outside of Georgia as well as periods when Respondent is not actively engaged in practicing medicine shall not apply to the reduction of Respondent's probationary period, except as authorized by the Board.

Respondent shall advise the Board of any change in address of record or employment status within thirty (30) days of such change. Service at the last address of record with the Board shall be deemed adequate service for any future notices.

(f) Abide by All Laws, Rules, and Terms. Respondent shall abide by all state and federal laws regulating the practice of medicine, the Rules and Regulations of the Board, and the terms and conditions of this Consent Order. If Respondent shall fail to abide by such laws, rules, terms or conditions of this Consent Order, or if it should appearing from reports, inspections or other information submitted to the Board that Respondent is otherwise unable to practice medicine with reasonable skill and safety to patients, Respondent's license shall be subject to further discipline, including revocation, upon substantiation thereof after notice and hearing; and if revoked, the Board in its discretion may determine that the license should be permanently revoked and not subject to reinstatement.

(g) Termination of Probation. Respondent shall not be eligible to petition for termination of probation until five (5) years from the date his license is placed on probation or until he has been released from his term of criminal probation. At such time, Respondent may petition for termination by certifying under oath before a notary public that Respondent has complied with all the terms and conditions of probation and by providing documentation supporting discharge from probation. The Board shall review and evaluate the practice of the Respondent prior to lifting the probation. At such time, the Board shall be authorized to restore all rights and privileges incident to the Respondent's license, unless the Board has received information that the Respondent has not complied with the terms of this Consent Order or has otherwise failed to comply with the laws and rules regulating the practice of medicine. Should the Board determine that reasonable cause exists for maintaining Respondent's license on a

probationary status, the Board shall notify Respondent of its intent to extend the probationary status, and Respondent may respond to such notification in writing or request an appearance before the Board or its representative as in a non-contested case. In any event, this Consent Order shall remain in effect pending a final determination by the Board and notification that the probationary period has terminated.

2.

In addition to any other sanction contained herein, Respondent shall submit to the Board a fine of three thousand dollars (\$3,000.00), to be paid in full by cashier's check or money order made payable to the Board within 30 days of the effective date of this Consent Order. Failure to pay the entire amount by the 30th day shall be considered a violation of this Order, and shall result in further sanctioning of Respondent's license, including revocation, upon substantiation thereof.

3.

This Consent Order and dissemination thereof shall be considered a public reprimand of Respondent by the Board.

4.

Respondent understands that pursuant to O.C.G.A. Title 43, Chapter 34A, the contents of this order shall be placed on Respondent's Physician Profile. Furthermore, by executing this Consent Order, Respondent hereby agrees to permit the Board to update the Physician's Profile reflecting this Consent Order.

5.

Respondent acknowledges that he is represented by counsel and that he has read this Consent Order and understands its contents. Respondent understands that he has the right to a

hearing in this matter and freely, knowingly and voluntarily waives that right by entering into this Consent Order. Respondent understands and agrees that a representative of the Department of Law may be present during the Board's consideration of this Consent Order and that the Board shall have the authority to review the investigative file and all relevant evidence in considering this Consent Order. Respondent further understands that this Consent Order will not become effective until approved and docketed by the Board. Respondent understands that this Consent Order, once approved and docketed, shall constitute a public record, evidencing disciplinary action by the Board that may be disseminated as such. However, if this Consent Order is not approved, it shall not constitute an admission against interest in this proceeding, or prejudice the right of the Board to adjudicate this matter. Respondent hereby consents to the terms and sanctions contained herein.

Approved this 7th day of June, 2018.

Respondent.)

DOCKET NO. _____

DOCKET NUMBER:

1018005

ORDER OF SUMMARY SUSPENSION

1.

WHEREAS, RICHARD F. CARTER, M.D., (“Respondent”) is licensed by the Georgia Composite Medical Board (“Board”) to practice medicine in the State of Georgia. Respondent was issued a license on December 7, 1983, and Respondent’s license will expire on January 31, 2019.

2.

WHEREAS, on October 26, 2017, the Board issued a Confidential Order for Mental / Physical Examination (“Order”) for Respondent. The Order was based on the following information:

- a. Respondent was issued a license to practice medicine in the State of Georgia on December 7, 1983. Respondent was also issued a license to practice medicine in the State of North Carolina on March 28, 2008. The current status of Respondent’s Georgia license is active, and the current status of Respondent’s North Carolina license is inactive.
- b. On or about October 5, 2017, Respondent met with a committee of the Board to explain the circumstances surrounding Respondent’s North Carolina license being placed on inactive status.

- c. Although there is no disciplinary history with regard to Respondent's Georgia license, the North Carolina Medical Board has taken action on Respondent's license on two occasions. In December of 2015, Respondent's North Carolina license was summarily suspended. That suspension was based on, in part, a determination by a healthcare provider that Respondent suffered from severe alcohol use disorder, that Respondent's condition was untreated and unmonitored, and that Respondent continued to practice medicine. In the second action, the North Carolina Board concluded that Respondent was unable to practice medicine with reasonable skill and safety to patients, and Respondent agreed to have his license placed on inactive status. Said action was effective March 18, 2016.
- d. The Board needs information on whether Respondent can currently practice with reasonable skill and safety to patients. The Board's records indicate that Respondent has not been examined recently with regard to whether he suffers from a mental or physical condition that would affect his ability to practice medicine. The last such examination was conducted in 2014. The Board's records also indicate that Respondent has not been treated for alcohol use disorder nor has a physician with expertise in addiction psychiatry determined that Respondent does not suffer from that condition or that Respondent's condition is in remission.

3.

WHEREAS, Respondent was served with a copy of the Order, via his counsel, on January 8, 2018.

4.

WHEREAS, on or about April 5, 2018, Respondent, through counsel, informed the Board

that Respondent was scheduling an appointment for an evaluation.

5.

WHEREAS, as of June 11, 2018, Respondent has not provided the Board with a current mental / physical evaluation.

6.

NOW THEREFORE, the Board finds that Respondent's continued practice of medicine poses a threat to the public health, safety, and welfare and imperatively requires emergency action and hereby ORDERS that Respondent's license to practice medicine in the State of Georgia be and is hereby SUMMARILY SUSPENDED pursuant to O.C.G.A. § 50-13-18(c)(1), pending further proceedings on behalf of the Board, which shall be promptly instituted.

If the Respondent wishes to have an expedited hearing, Respondent shall execute and file with the Office of State Administrative Hearings the original and one copy of the attached REQUEST FOR EXPEDITED HEARING no later than fourteen (14) days from the day of service or receipt of this Order. Respondent also shall serve a copy of such REQUEST upon counsel for the Board as identified in the REQUEST.

This Order is signed and attested by the Executive Director on behalf of the Georgia Composite Medical Board.

Respondent.)

ORDER OF SUMMARY SUSPENSION

I.

WHEREAS, Windell C. Davis-Boutte, MD, (“Respondent”) is licensed by the Georgia Composite Medical Board (“Board”) to practice medicine in the State of Georgia. Respondent was issued a license on December 8, 1994, and Respondent’s license will expire on September 30, 2019. Respondent’s physician profile indicates that Respondent’s specialty is in Dermatology.

II.

WHEREAS, Respondent owns and operates a medical practice, located in Lilburn, Georgia.

III.

WHEREAS, on June 4, 2018, the Board received reliable information that Respondent had performed liposuction, breast augmentation, and a Brazilian Butt Lift on Patient S.C., at Respondent’s medical practice. Patient S.C. suffered complications from the surgery, and had to be transported by ambulance to a hospital emergency room. This information includes, but is not limited to, the following:

- a. On or about May 30, 2018, at approximately 2:00 PM, Patient S.C. went to Respondent for liposuction, breast augmentation, and a Brazilian Butt Lift.

- b. On or about May 31, 2018, at approximately 2:00 PM, during a post-operative visit, Patient S.C. was not seen or evaluated by Respondent.
- c. On or about May 31, 2018, at approximately 9:00 PM, Patient S.C. was taken by ambulance to a hospital emergency room due to respiratory distress and bleeding from the liposuction incisions. Patient S.C. was found to have a collapsed lung and was suffering from anemia due to acute blood loss.
- d. As of June 6, 2018, Patient S.C. was still in the hospital being treated for complications that occurred from the surgery performed by Respondent.

IV.

WHEREAS, Respondent's treatment of Patient S.C. failed to conform to the minimal standards of acceptable and prevailing medical practice.

V.

WHEREAS, Respondent has demonstrated a pattern of conduct that has failed to conform to the minimal standards of acceptable and prevailing medical practice, as set forth in the following paragraphs:

1.

On or about February 18, 2016, Respondent performed surgery on Patient I.C. for panniculectomy and SmartLipo of the upper abdomen, upper back, lower back, and upper buttock. Respondent performed these surgeries at Respondent's private practice. Before the surgery, this patient was put under total intravenous anesthesia with a certified registered nurse anesthetist present.

2.

Approximately eight hours after the surgery had begun, this patient became bradycardic, then asystolic, requiring chest compressions, atropine, and epinephrine. At the time of the bradycardic, the surgery had not been completed and the abdominal wound still needed to be sutured. EMS were called and had to wait approximately 30 minutes, to allow Respondent time to suture the wound, before they were able to transport this patient to the hospital.

3.

Patient I.C. was transported to a local emergency department. Subsequently, this patient was found to have an anoxic brain injury and a left thalamic stroke, requiring a tracheostomy and a percutaneous endoscopic gastrostomy tube. This patient was ultimately transferred to a long-term care and rehabilitation facility.

4.

During an investigation of Respondent by the Board, the Board obtained the medical records of Patient I.C. from Respondent. A Board-appointed Consultant evaluated Respondent's medical records of this patient, and concluded that Respondent's diagnosis, treatment and recordkeeping departed from and had failed to conform to the minimal standards of acceptable and prevailing medical practice.

5.

The Consultant evaluated Respondent's medical records of Patient K.D., who went to Respondent for liposuction on two separate occasions in or about 2015. The Consultant concluded that Respondent's diagnosis, treatment and recordkeeping of this patient departed from and had failed to conform to the minimal standards of acceptable and prevailing medical practice.

6.

The Consultant evaluated Respondent's medical records of Patient M.M., who went to Respondent for liposuction and fat transfer in or about 2015. The Consultant concluded that Respondent's diagnosis, treatment and recordkeeping of this patient departed from and had failed to conform to the minimal standards of acceptable and prevailing medical practice.

7.

The Consultant evaluated Respondent's medical records of Patient R.L., who went to Respondent for liposuction and fat transfer in or about August 2014. The Consultant concluded that Respondent's diagnosis, treatment and recordkeeping of this patient departed from and had failed to conform to the minimal standards of acceptable and prevailing medical practice.

8.

The Consultant evaluated Respondent's medical records of Patient D.S., who went to Respondent for liposuction in or about December 2015. The Consultant concluded that Respondent's diagnosis, treatment and recordkeeping of this patient departed from and had failed to conform to the minimal standards of acceptable and prevailing medical practice.

9.

The Consultant evaluated Respondent's medical records of Patient C.T., who went to Respondent for liposuction and fat transfer in or about July 2016. The Consultant concluded that Respondent's diagnosis, treatment and recordkeeping of this patient departed from and had failed to conform to the minimal standards of acceptable and prevailing medical practice.

VI.

NOW THEREFORE, the Board finds that Respondent's continued practice of medicine poses a threat to the public health, safety, and welfare and imperatively requires emergency action and hereby ORDERS that Respondent's license to practice medicine in the State of Georgia be and is hereby SUMMARILY SUSPENDED pursuant to O.C.G.A. § 50-13-18(c)(1), pending further proceedings on behalf of the Board, which shall be promptly instituted.

If the Respondent wishes to have an expedited hearing, Respondent shall execute and file with the Office of State Administrative Hearings the original and one copy of the attached REQUEST FOR EXPEDITED HEARING no later than fourteen (14) days from the day of service or receipt of this Order. Respondent also shall serve a copy of such REQUEST upon counsel for the Board as identified in the REQUEST.

This Order is signed and attested by the Executive Director on behalf of the Georgia Composite Medical Board.

ROBERT B. DEHGAN, M.D.,
License No. 013844,

DOCKET NO. _____

DOCKET NUMBER:

20140642

Respondent.

PUBLIC CONSENT ORDER

By agreement of the Composite State Board of Medical Examiners ("Board") and Robert B. Dehgan, M.D., the following disposition of this matter is entered into pursuant to the provisions of O.C.G.A. § 50-13-13 (a) (4), as amended.

FINDINGS OF FACT

1.

Respondent is licensed to practice medicine in the State of Georgia and was licensed as such at all times relevant to the matters stated herein.

2.

On or about December 8, 2016, the State of Florida Board of Medicine entered a Final Order suspending Respondent's license to practice in Florida (License No. 0016903) for a period of three (3) years, to be followed by probation for a period of five (5) years together with other disciplinary action and practice restrictions.

3.

Respondent admits the above findings of fact and waives any further findings of fact with respect to the above-styled matter.

CONCLUSIONS OF LAW

Respondent's conduct constitutes sufficient grounds for the imposition of discipline upon Respondent's license to practice medicine in the State of Georgia pursuant to O.C.G.A. Chs. 1 and 34 T. 43, as amended. Respondent hereby waives any further conclusions of law with respect to the above-styled matter.

ORDER

The Georgia Composite Medical Board, having considered all the facts and circumstances of this case, hereby orders, and Respondent hereby agrees, as follows:

1.

Respondent agrees that Respondent's license to practice medicine in the State of Georgia shall be suspended indefinitely and that Respondent shall not practice as a physician in the State of Georgia until further order of the Board. In the event Respondent practices as a physician in the State of Georgia without a written order from the Board, Respondent's license shall be subject to revocation, upon substantiation thereof.

2.

During the period of suspension, the Respondent shall continue to pay the license renewal fee by and before each expiration date, as established by the Board. Failure to pay the license renewal fee shall be grounds for the administrative revocation of Respondent's license without a hearing, as provided by O.C.G. A. § 43-1-19(1), with reinstatement within the discretion of the Board. Respondent acknowledges that when considering the reinstatement of an administratively revoked license, the Board has authority to review any investigative file relating to Respondent.

3.

Respondent shall abide by all State and Federal laws regarding the practice of medicine, the Rules and Regulations of the Georgia Composite Medical Board and the terms of this Consent Order. In the event Respondent fails to abide by such laws, rules or terms, or should Respondent violate the criminal laws of this state, Respondent's license shall be subject to further discipline, including revocation, upon substantiation thereof after notice and hearing, and if revoked, the Board in its discretion may determine that the license should be permanently revoked and not subject to reinstatement.

4.

Respondent may not petition to have the suspension of his license to practice medicine in the State of Georgia lifted until such time as the suspension of his license to practice in the State of Florida has been lifted. Respondent shall attach to any petition to have his Georgia license reinstated certified copies of any orders from the Florida Board of Medicine reinstating his license to practice medicine in the State of Florida. The Board shall not consider any petition to lift the suspension of Respondent's license to practice medicine in Georgia unless said documents are attached thereto. Prior to the Board considering Respondent's petition to have the suspension lifted, the Board shall review and evaluate the Respondent's current condition. The Board shall have the discretion to lift the suspension of Respondent's license to practice medicine and place upon Respondent's license any conditions that the Board may deem appropriate, or to deny the petition without a hearing; provided, however, that Respondent will be entitled to an appearance before the Board as in a non-contested case. The Board reserves the right to place any terms and conditions on the reinstatement of Respondent's license to practice

medicine in the State of Georgia that the Board deems necessary to protect the public safety.

Should the Board deny Respondent's petition to lift the suspension, Respondent may petition to have said suspension lifted every six (6) months thereafter from the time Respondent receives a written notice from the Board that his petition has been denied.

5.

Respondent acknowledges that he has read and understands the contents of this Consent Order. Respondent understands that he has the right to a hearing in this matter, and Respondent freely, knowingly and voluntarily waives such right by entering into this Consent Order.

Respondent understands that this Consent Order will not become effective until approved and docketed by the Georgia Composite Medical Board. Respondent further understands and agrees that a representative of the State Department of Law may be present during the presentation of this Consent Order and that the Board shall have the authority to review the investigative file and all relevant evidence in considering this Consent Order. Respondent further understands that this Consent Order, once approved, shall constitute a public record which may be disseminated as a disciplinary action of the Board. If this Consent Order is not approved, it shall not constitute an admission against interest in this proceeding, or prejudice the ability of the Board to adjudicate this matter. Respondent consents to the terms and sanctions contained herein.

Approved, this 7th day of June, 2018.

CHARLES E. GRAPER, MD
License No. 41812,
Respondent.

Docket No.:

JUN 07 2018

DOCKET NUMBER:

20180051

VOLUNTARY SURRENDER

I, CHARLES E. GRAPER, MD, holder of License No. 41812 to practice medicine in the State of Georgia, pursuant to O.C.G.A. Ch. 34, T. 43, as amended, hereby freely, knowingly and voluntarily surrender said license to the Georgia Composite Medical Board (hereinafter "Board"). I hereby acknowledge that this surrender shall have the same effect as revocation of my license, and I knowingly forfeit and relinquish all right, title, and privilege of practicing medicine in the State of Georgia, unless, and until such time as my license may be reinstated, in the sole discretion of the Board.

Pursuant O.C.G.A § 43-34-8 (a)(5), I understand that the Board is seeking to revoke my license because on May 9, 2018, my license to practice dentistry was revoked by the Georgia Board of Dentistry for the reasons set forth in the Order of the Board, Docket No. #: 1737912, which adopted the Findings of Fact with the exception of paragraphs 9 and 10, set forth in the Initial Decision rendered by the Administrative Law Judge, Ronit Walker, set forth before the Office of State Administrative Hearings, Docket No. 1737912-OSAH-PLBD-San-60-Walker. (Exhibits 1 and 2).

I understand that I have a right to a hearing in this matter and I hereby freely, knowingly and voluntarily waive such right to a hearing. I also understand that should any request for reinstatement be entertained by the Board, the Board shall have access to any investigative file in this matter. I further understand that upon applying for reinstatement, it shall be incumbent upon me to demonstrate to the satisfaction of the Board that I am able to practice with reasonable skill and safety to patients and that if the Board is not so satisfied, the Board shall not reinstate my license.

This surrender shall become effective immediately upon acceptance thereof by the Board and docketing. I understand that this document will be considered to be a public record and that this action shall be considered to be and may be disseminated as a final order of the Board.

DOCKET NUMBER:
2018 0034

HERMAN ALFRED TAYLOR, JR., M.D.,
License No. 072935,
Respondent.

DOCKET NO. 20180034

AMENDMENT TO PUBLIC, NON-DISCIPLINARY CONSENT AGREEMENT
FOR REINSTATEMENT

WHEREAS, on or about February 2, 2018, Herman Alfred Taylor, M.D. (“Respondent”) entered into a Public, Non-Disciplinary Consent Agreement for Reinstatement (“Agreement”) with the Georgia Composite Medical Board (“Board”), Docket Number 20180034, which reinstated Respondent’s license to practice medicine under terms including, but not limited to, clinical supervision, monthly reports, and completion of, within four (4) months of the docket date, a Board approved national review course in the field of cardiology; the Board pre-approved the Mayo Clinic’s General Cardiovascular Board Review & Lifelong Learning course (“Mayo Clinic course”).

WHEREAS, on or about April 17, 2018, Respondent requested an extension of time to complete the review course.

WHEREAS, the Board considered Respondent’s request for an extension of time.

NOW THEREFORE, the Board hereby amends the Public, Non-Disciplinary Consent Agreement for Reinstatement as follows:

1.

Order, Paragraph 1(c) on Page 3 of the Public, Non-Disciplinary Consent Agreement for Reinstatement, requiring Respondent to complete a Board approved national review course in the field of cardiology within four (4) months of the docket date of the Agreement is modified to delete

the words "Within four (4) months of the docket date of this Consent Agreement," and replace them with the following phrase, "No later than October 31, 2018,"

3.

Except as provided herein, the Respondent shall remain subject to all of the remaining terms and conditions as set forth in the Public, Non-Disciplinary Consent Agreement for Reinstatement of February 2, 2018. A violation of this Amendment to Public, Non-Disciplinary Consent Agreement for Reinstatement shall be considered a violation of a lawful order of the Board as if it were a violation of the February 2, 2018 Consent Agreement.

4.

This Amendment to Public, Non-Disciplinary Consent Agreement for Reinstatement shall become effective upon its acceptance by the Georgia Composite Medical Board and its docketing by the Executive Director of the Georgia Composite Medical Board.

Approved this 21st day of June, 2018.

DOCKET NO. 20050062

GEORGIA COMPOSITE
MEDICAL BOARD

JUN 07 2018

DOCKET NUMBER:

20050062

ORDER OF COMPLETION

1.

The Georgia Composite Medical Board ("Board") entered a Public Consent Order in the above-styled matter on or about November 12, 2004, Docket No. 20050062, which publicly reprimanded Respondent and placed terms and conditions on Respondent's license to practice medicine in the State of Georgia. The Public Consent Order required Respondent to successfully comply with the terms of the Notice of Intent to Approve Licensure with Conditions issued by the State of Florida Board of Medicine and to pay a fine.

2.

On or about May 17, 2018, the Board received a petition from Respondent to terminate the Public Consent Order, indicating he has complied with the Public Consent Order by paying the fine, and completing the requirements of the Florida Order.

3.

On or about June 7, 2018, the Board reviewed the petition and Respondent's compliance with the terms thereof and determined Respondent has complied with the terms and conditions of the Public Consent Order

Based on the foregoing, the Board hereby issues this Order of Completion as Respondent has completed the requirements of the Public Consent Order.

SO ORDERED, this 7th day of June, 2018.
