PUBLIC CONSENT ORDER

By agreement of the Georgia Composite Medical Board ("Board") and CARL JEROME COOPER, M.D. ("Respondent") the following disposition of this matter is entered pursuant to the provisions of O.C.G.A. § 50-13-13(a)(4).

FINDINGS OF FACT

1.

Respondent is licensed to practice medicine in the State of Georgia, and was so licensed at all times relevant to the matters asserted herein.

2.

On or about January 28, 2016, the Board required Respondent to obtain a Mental/Physical Examination with a Board approved provider within seven (7) days. Respondent was examined by a Board approved provider; the results of the examination indicate that Respondent is unable to practice medicine with reasonable skill and safety to patients due to his use of multiple addictive substances.

3.

Respondent admits the above findings of fact and waives any further findings of fact with respect to the above-styled matter.

CONCLUSIONS OF LAW

Respondent's conduct and/or condition constitutes sufficient grounds for the Board to exercise its disciplinary authority and to impose sanctions on Respondent's license to practice medicine under O.C.G.A. Ch. 34, T. 43, as amended, O.C.G.A. § 43-1-19(a) and the Rules of the Georgia Composite Medical Board. Respondent waives any further conclusions of law with respect to this matter.

ORDER

The Board, having considered the particular facts and circumstances of this case, hereby orders and the Respondent hereby agrees as follows:

1.

Respondent agrees that his license to practice medicine shall be suspended indefinitely and that he shall not practice medicine in Georgia until further order of the Board. If Respondent practices medicine in the State of Georgia without prior express written permission of the Board, Respondent's license shall be subject to revocation, upon substantiation thereof.

2.

During the period of suspension, Respondent shall inform the Board in writing of any change in his address of record within ten (10) days of the change.

3.

Respondent may not petition to have the suspension of his license to practice medicine in the State of Georgia lifted until he has received professional advocacy to return to the practice of medicine from an advocate acceptable to the Board. Prior to the Board considering Respondent's petition to have the suspension lifted, the Board shall review and evaluate the Respondent's current condition and his compliance with any recommended

treatment program and/or monitoring program. The Board may require Respondent to submit the results of a mental/physical examination at a Board approved facility. The Board may require Respondent to meet personally with the Board or any committee thereof. The Board may require the Respondent to demonstrate to the satisfaction of the Board that he has maintained current knowledge, skill and proficiency in the practice of medicine. The Board may require the Respondent to submit proof of continuing education and/or the passage of an examination such as SPEX or other competency assessments. Respondent acknowledges that when considering his petition the Board has the authority to review any investigative file relating to the Respondent. The Board shall have the discretion to lift the suspension of Respondent's license to practice medicine in the State of Georgia, to place upon Respondent's license any conditions that the Board may deem appropriate, or to deny the petition to have the suspension lifted. In no case, however, will a denial of such petition or request, or the placing of conditions upon the license, be considered a contested case as defined by O.C.G.A. Title 50, the Georgia Administrative Procedure Act.

4.

This Consent Order shall constitute a public order and may be disseminated by the Board as a public disciplinary action.

5.

During the period of suspension, the Respondent shall continue to pay the license renewal fee by and before each expiration date, as established by the Board. Failure to pay the license renewal fee shall be grounds for the administrative revocation of Respondent's license without a hearing, as provided by O.C.G.A. 43-1-19(1), with reinstatement within the discretion of the Board. Respondent acknowledges that when considering the reinstatement

of an administratively revoked license, the Board has the authority to review any investigative file relating to the Respondent.

6.

Respondent acknowledges that he has read and understands the contents of this Consent Order. Respondent understands that he has the right to a hearing in this matter, and Respondent freely, knowingly and voluntarily waives such right by entering into this Consent Order. Respondent understands that this Consent Order will not become effective until approved by the Georgia Composite Medical Board and docketed by the Executive Director of the Board. Respondent further understands and agrees that the Board shall have the authority to review the investigative file and all relevant evidence in considering this Consent Order. Respondent further understands that this Consent Order, once approved, shall constitute a public record which may be disseminated as a disciplinary action of the Board. If this Consent Order is not approved, it shall not constitute an admission against interest in this proceeding, or prejudice the ability of the Board to adjudicate this matter. Respondent consents to the terms and sanctions contained herein.

Approved, this 10th day of March, 2016.

PUBLIC CONSENT ORDER FOR LICENSURE

By agreement of the Georgia Composite Medical Board (“Board”) and Georgia Pain and Behavioral Medicine (referred to herein as “Applicant”), the following disposition of the matter is entered into pursuant to the provisions of O.C.G.A., Title 43, Chapter 34, as amended.

FINDINGS OF FACT

1.

On or about January 15, 2016, Applicant submitted an Application for Pain Management Clinic Registration for its location at 247 Wana Drive, Gray, GA 31032. Applicant provided information to the Board that Applicant currently treats an annual patient population with greater than 50% being treated for chronic pain for nonterminal conditions by the use of Schedule II or III controlled substances and had been in operation since 2002. Board records do not show that Applicant applied for a pain management clinic registration when the Pain Management Clinic Act went into effect in or about July 2013.

2.

Applicant admits the above findings of fact and waives any further findings of fact with respect to the above-styled matter.

CONCLUSIONS OF LAW

There are sufficient grounds for the Board to deny the application and/or to impose sanctions or conditions on Applicant's pain management clinic registration under O.C.G.A. Ch. 34, T. 43, as amended, O.C.G.A. § 43-1-19(a), and the Rules of the Georgia Composite Medical Board. Applicant waives any further conclusions of law with respect to this matter.

ORDER

The Georgia Composite Medical Board, having considered all the particular facts and circumstances of this case, hereby orders, and Applicant hereby agrees, that Applicant shall be granted a new pain management clinic registration in the State of Georgia subject to the following terms and conditions:

1.

Based on its operation of a pain clinic without valid registration since the inception of the Pain Management Clinic Act, Applicant shall submit to the Board a fine in the amount of ten thousand dollars (\$10,000.00) to be paid in full within 30 days. Payment shall be in the form of a cashier's check or money order made payable to the Georgia Composite Medical Board and shall be sent to the Board, c/o Executive Director. The Applicant's failure to pay such fine as provided in this Order may result in the summary suspension of the pain management clinic license pending a hearing to revoke the license.

2.

Applicant shall abide by the terms of this Order, all State and Federal laws relating to drugs and recordkeeping and otherwise regulating pain management clinics, and the Rules and Regulations of the Georgia Composite Medical Board. Failure to abide by the terms of this Order, all State and Federal laws relating to drugs and recordkeeping and otherwise

regulating pain management clinics, and the Rules and Regulations of the Georgia Composite Medical Board shall subject Applicant's license to further disciplinary action, including revocation, upon substantiation thereof.

3.

This Consent Order shall constitute a public reprimand of the Board and may be disseminated as a public disciplinary action.

4.

Applicant acknowledges having read and understood the contents of this Consent Order. Applicant understands that Applicant has a right to an appearance in this matter, and Applicant freely, knowingly and voluntarily waives such right by entering into this Consent Order. Applicant understands that this Consent Order will not become effective until approved by the Georgia Composite Medical Board and docketed by the Executive Director of the Board. Applicant further understands that the Board shall have the authority to review the application and/or any investigative file and all relevant evidence in considering this Consent Order. Applicant further understands that this Consent Order, once approved, shall constitute a public record which may be disseminated as a disciplinary action of the Board. If this Consent Order is not approved, it shall not constitute an admission against interest in this proceeding, or prejudice the ability of the Board to adjudicate this matter. Applicant consents to the terms and sanctions contained herein.

**DOCKET NUMBER:

**ORDER VACATING FINAL DECISION AND
EXTENDING TIME FOR AND SCHEDULING REVIEW**

COMES NOW, the Georgia Composite Medical Board ("Board") and hereby enters an Order vacating the Final Decision issued in the above-referenced matter on or about February 24, 2016 and extending the time for and scheduling a review hearing. An Initial Decision in this matter was docketed with the Office of State Administrative Hearings ("OSAH") on December 18, 2016. Respondent filed a Motion for Reconsideration which was denied by the Administrative Law Judge on January 13, 2016. When neither the Board nor the Respondent filed an application for review of the initial decision, a Final Decision issued on or about February 24, 2016.

However, on or about March 8, 2016, it came to the Board's attention that a request by Respondent for reconsideration and agency review was lost in the mail system but received on or about January 8, 2016. The request for review was filed within the thirty (30) days to request a review as provided by O.C.G.A. §50-13-17(a) and within the thirty (30) day period that the Board is permitted to modify an initial decision and hold a review as provided by O.C.G.A. §50-13-41(e)(1). **Accordingly, the Board hereby enters this Order vacating the final decision.**

O.C.G.A. § 50-13-41(e)(1) provides that the Board "shall have a period of 30 days" from the docketing of an initial decision to reject or modify that decision, and that if the Board fails to reject or modify the decision within 30 days, the initial decision stands affirmed by operation of law. However, O.C.G.A. § 50-13-41(e)(2) provides that the Board may enter an order extending the deadline when "unusual and compelling circumstances render it impracticable" for the Board to complete its review within 30 days of the docketing of the initial decision. In this case, such unusual and compelling circumstances require the Board to vacate the final decision entered on

or about February 24, 2016 and make it necessary for the Board to extend the time in which it had to review this matter and render a final decision.

The Board has a Board meeting scheduled for March 31-April 1, 2016 in Augusta, Georgia. However, since this does not provide Respondent with sufficient notice to prepare for a review hearing, the Board, composed of members who live all over the State of Georgia, has a meeting scheduled on May 5, 2016 in Atlanta. As this would provide Respondent with sufficient time to prepare and would permit the Board to review the record in this case, the Board hereby enters this Order extending time for review due to impossibility.

In order to afford the Respondent the right to a review of the Initial Decision, the Board hereby extends the time for review and hereby schedules the review of the Initial Decision for **Thursday, May 5, 2016, at 2:30 p.m., at the Board office at 2 Peachtree Street, NW, 36th Floor, Atlanta, GA 30303.**

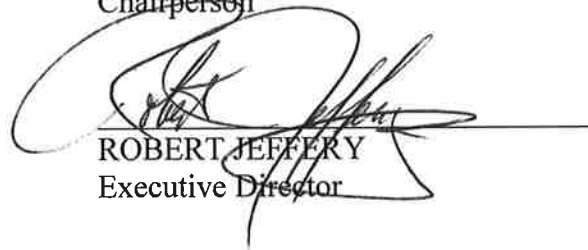

The review will be held pursuant to the provisions of the Georgia Administrative Procedure Act, O.C.G.A. Ch. 50-13, and the Rules of the Georgia Composite Medical Board, Chapter 360-26. The Board reserves the right to take the matter under advisement and continue the deliberations until a date certain if deemed necessary due to the Board's agenda or the complexity of the issues.

PUBLIC CONSENT ORDER

By agreement of the Georgia Composite Medical Board ("Board") and ALMAS YOUSUF, M.D. ("Respondent"), the following disposition of the matter is entered into pursuant to the provisions of O.C.G.A. § 50-13-13 (a) (4), as amended.

FINDINGS OF FACT

1.

Respondent is licensed to practice medicine in the State of Georgia and was licensed as such at all times relevant to the matters stated herein. Respondent is also licensed as a physician in the State of Texas, holding license no. L-8565, and in the State of Alabama, license no. MD.23395.

2.

On or about May 16, 2013, an Agreed Order was entered by the Texas Medical Board based on findings that Respondent, while practicing medicine in Texas, pre-signed prescriptions for her mid-level for use while she was out of the country; and that Respondent's supervision of her mid-level was inadequate. The Agreed Order constituted a public reprimand of Respondent and required Respondent's practice to be monitored by a

physician under terms and conditions. The Agreed Order also required Respondent to, within one year of the date of entry of the Agreed Order, enroll in and successfully complete at least 16 hours of continuing medical education with at least 8 hours in the area of medical recordkeeping and at least 8 hours in the area of supervision and delegation; to pay an administrative penalty of \$1,000; and to take and pass with a score of 75 or above the Medical Jurisprudence Examination given by the Texas Medical Board.

3.

The Respondent has informed the Board that since 2013 she has been, and is currently, out of the country. Respondent provided the Board with information that her Texas order is tolled and, upon her return to Texas, she is required to notify the Compliance Department of the Texas Medical Board.

4.

Respondent admits the above findings of fact and waives any further findings of fact with respect to the above-styled matter.

CONCLUSIONS OF LAW

Respondent's conduct and disciplinary action by another state constitutes sufficient grounds for the imposition of discipline upon Respondent's license to practice medicine in the State of Georgia pursuant to O.C.G.A. Chs. 1 and 34, T. 43, as amended. Respondent waives any further conclusions of law with respect to the above-styled matter.

ORDER

The Georgia Composite Medical Board, having considered the particular facts and circumstances of the case, hereby orders, and Respondent hereby agrees, to the following:

1.

This Consent Order shall constitute, and may be disseminated by the Board as, a public reprimand.

2.

Respondent shall provide evidence to the Board of her successful completion of the terms of the Texas Agreed Order within 10 days of completion.

3.

Respondent shall not practice in Georgia ^{without} with the prior notification to the Board in writing if she intends to practice medicine in Georgia. At the time of the notification, Respondent shall update the Board of the status of her compliance with the Texas Order. At that time, the Georgia Board reserves the right to impose monitoring provisions like those imposed by the Texas order on Respondent's practice in Georgia, and continuing education requirements.

4.

Respondent understands that pursuant to O.C.G.A. Title 43, Chapter 34A the contents of this Order and the Texas Agreed Order shall be placed on Respondent's Physician Profile. Furthermore, by executing this Consent Order, Respondent hereby agrees to permit the Board to update her profile.

5.

Respondent shall abide by all State and Federal laws regulating her practice as a physician, the Rules and Regulations of the Georgia Composite Medical Board and the terms of this Consent Order. If Respondent shall fail to abide by such laws, rules or terms, or if it should appear to the Board that Respondent is otherwise unable to practice with reasonable skill and safety to patients, Respondent's license shall be subject to further discipline, including revocation, upon substantiation thereof after notice and hearing, and if revoked, the Board in its discretion may determine that the license shall be permanently revoked and not subject to reinstatement. Respondent further agrees that any violation of this Consent Order shall be deemed to be sufficient to authorize the Board to order summary suspension of Respondent's license, pending further proceedings, pursuant to the provisions of the Georgia Administrative Procedure Act, O.C.G.A. § 50-13-18(c)(1), or any other statute authorizing emergency action, but Respondent understands that Respondent shall be entitled to an expedited hearing to substantiate such violation(s), if the Board exercise such right.

6.

Respondent acknowledges that she has read this Consent Order and understands its contents. Respondent understands that she has a right to a hearing, and freely, knowingly, and voluntarily waives that right. Respondent understands that the Consent Order will not become effective until approved and docketed by the Georgia Composite Medical Board. Respondent further understands and agrees that the Board shall have the authority to review the investigative file and all relevant evidence in considering the Consent Order. Respondent further understands that the Consent Order, once approved, shall constitute a public record that may be disseminated as provided herein. However, if the Consent Order is not approved,

shall not constitute an admission against interest in the proceeding, or prejudice the right of the Board to adjudicate the matter. Respondent consents to the terms and conditions contained herein.

Approved, this 46 day of March, 2016.
