Please read all application materials and instructions carefully. It takes approximately six (6) to eight (8) weeks to obtain a license in Georgia. Please visit the Frequently Asked Questions (FAQ's) on our website for additional information regarding the processing of your application. In order for an application to go before the Medical Board for approval, it must be received as "completed" **15 business days** before the next monthly board meeting date. Completion of an application is when all primary source documentation, administrative screenings and final quality assurance have been conducted.

Applications are reviewed in date order of receipt. Submit all required documentation as soon as possible; however, without the application and fee, staff cannot begin the initial review of your application. It is recommended that applicants wait 15 business days, or until receipt of a deficiency letter, to contact the staff by phone regarding the status of their application. It is imperative for applicants to understand that the review process is guided by the requirements set forth in State law, which does not provide for any waivers to be granted by staff. **Auricular Detoxification applications are valid for up to one-year only from date of receipt.**

EMPLOYMENT IN GEORGIA. It is strongly recommended that you **DO NOT** accept employment to practice medicine in Georgia until your Georgia license number has been issued.

#### **INTERNET DISCLOSURE OF PRACTITIONER'S**

Georgia law requires the Georgia Composite State Board of Medical Examiners to provide, upon written or verbal request, an address for each licensed practitioner. Public-record information pertaining to licensed practitioner is available to the public through the Board's website ([www.medicalboard.state.ga.us](http://www.medicalboard.state.ga.us)).

The release of this information has highlighted the need for practitioners to carefully consider the address they provide to the Board as their address of record. Please be aware that the address you indicate as your address of record will be the address disclosed to all individuals making inquiries and will be utilized to mail all licenses, renewal notices, and other official correspondence from the Board. The Practice Location will be posted on the Internet.

You may choose your home address or your office address to be your address of record. If you list a P.O. Box as your primary address, you must also provide a secondary street address that will remain confidential. Georgia law requires that the Board be kept informed of any changes of address. Changes should be submitted in writing to the above address, and should include the license number, name, old address and new address.
